ÁNGEL HERNÁNDEZ PASCUAL  
WEB FULL STACK DEVELOPÈR

Passionate about new technologies. I'm looking fo a new job that makes me develop myself as a person and developer. Currently I'm working with languages like Java, PHP, HTML, CSS using React. I'm a React lover, i really love their communities. I have differents projects and actively participating in free software development. I like to learn new ways and technologies.
